

Small Animal Hotel

Our brand new small animal hotel opened in October 2013, it boasts impressive accommodation for all small animals such as; Rabbits, Guinea Pigs, Hamsters and Gerbils. Chickens can also be accommodated, call for further information.

Accommodation

The Small Animal Hotel consists of 18 internal runs that are all 10 sq ft and have been designed especially to accommodate all kinds of small animal boarding. Throughout the winter months, heating is provided to ensure your pet is comfortable and enjoys their stay with us. We have optional outside runs that are attached to six of the internal hutches and are an impressive 56 sq ft in size. These runs also include an adventure playground so that your rabbit or guinea pig is always kept entertained. All the outside runs are turfed and contain oat grass which provides a balanced diet. If you don't choose to add the optional built in run, your pets will still have access to a smaller outside run during the sunny days. Your pet will be locked up safe and securely each evening. Everything is provided for your pet during their stay (bedding, food, hay, etc), unless you would like to bring any toys they are familiar with.

Visit Us

Please feel free to come and view our cattery. We serve pets from all over Cheshire, Staffordshire and Shropshire. Why not have a look around by either visiting our website or by calling in to see us. You are very welcome during opening hours for a viewing and although we prefer people just to call in we are sometimes busy with our duties so if you can please phone ahead so we can ensure we give our full attention.

Our phone number is 01630 647347.

Delivery & Collection Service

We appreciate that our geographical location may not be ideally suited to all our customers, (most boarding establishments are based on the outskirts of major cities and towns), we do have customers traveling over 20 miles to stay with us, but for those who find it difficult to travel we have invested in a fully fitted vehicle to transport your pet(s) safely.

About Us

Welcome to Lakeside Luxury Cattery located on the outskirts of the quaint village of Woore. The name of the village means "boundary" in ancient Celtic as it sits on the borders of Cheshire, Staffordshire and Shropshire. Our luxury cattery is situated within 10 acres of rolling countryside with magnificent views of our lake giving our guests the chance to discover something different and stimulating every day.

Our family are committed to giving each and every one of our guests a magnificent stay in our fully heated suites situated with lakeside views, a peaceful and tranquil place to stay, a stress free haven with a home from home experience for your much loved pet.

Our Cattery

We currently have two blocks of suites made of the highest quality and are of a FAB approved design, carefully planned to create a peaceful and relaxing environment so your cat can relax and watch the world go by whilst you do the same on your holiday. Each suite is equipped with everything your cat will need; panoramic windows, large climbing frames and scratching posts, beds, blankets and plenty of toys to keep them entertained.

Our suites overlook our fabulous private lake providing an enrichment of experience, ever changing wildlife, birds and dragonflies, ducks and geese, a wide range of plants and bushes attracting butterflies, bees and insects. Evenings bring other attractions, beautiful sunsets, owls, peaceful skies and moonlit views of the lake.

Our sole purpose is to ensure your pet is well looked after – and we have designed our facilities to ensure that this is delivered. We treat all our guests to a very high standard ensuring the owners have peace of mind whilst they are away.

Here at Lakeside Luxury Cattery in Cheshire we boast impressive 22 double sized chalets and 4 'family chalets' all of which are lined and insulated and come with thermostatically controlled radiators within the sleeping areas.

Sleeping baskets are provided and are lined in fleecy 'Vet bed'. There are lots of extra blankets and cushions. Large runs containing impressive scratching posts along with plenty of toys to keep your cat entertained.

There are also shelves for your cat to sit on and admire the amazing views of our own private lake that is home to many species of wildlife such as ducks, various birds and plenty of surfacing fish.

Full height sneeze barriers are fitted and all chalets have removable weather shields. Due to the positioning of the cattery, it benefits from natural daylight, and all cats have the pleasure of lovely stimulating surroundings.

At Lakeside we pride ourselves in the time we have taken to design the right facilities and services to ensure that your pets stay is a comfortable one. We have chosen suppliers that share our vision and beliefs of animal welfare and the materials used reflect this.

Situated within 10 acres of rolling countryside with magnificent views.
